

Facilities for differently-abled

About

The Differently abled resource centre provides equal opportunity to every student in the campus. It strives to improve the lives of the disabled people with the focus on employment opportunities, health issues and assistive technology. The center is dedicated to promote health, well-being and quality of life for people. It provides training and demonstration programmes in collaboration with the private and community based organizations. It works to shape and enrich intersectoral community and population based practice and policy.

- **Vision :** Strive to serve the needy
- **Mission:** Provide opportunities and resources for differently abled persons with the focus on enhancing their skills and abilities.

- The institution provides ramp facility to disabled persons for the easy access of various places in the campus.
- The buildings in our campus are provided with Ramps and Lifts.
- The reduced inclination in the ramp makes easier and safer movement of wheelchair.
- The ramps are carefully designed as per the specifications to be required by the disabled persons.
- The lifts are provided in the campus for disabled students to go to different floors other than ground floor.
- The lift has wide enough doors and sufficient space to accommodate wheelchair, as wheel chair is a one of the most important mobility device used by the disabled persons.
- The institution has the wheel chairs which have adequate space to sit during usage.
- A wheelchair may be operated by the user alone or with a help of assistance.
- The wheel chairs are placed near the ramps according to the need.
